♥ The Benefits ♥

♥ SELECT AND MEET THE ADOPTIVE PARENTS ♥

Not only do you get to select a family for your child, but you can also choose the level of contact and openness that is right for you.

♥ RECEIVE PHOTOS AND UPDATES ♥

You can receive yearly updates and pictures of your child.

The Goal: Out of the System and Into a Forever Home

Choosing intervention can help your child make a faster transition from the state system to a loving home. You won't need to go to court. We will take care of all those details for you. You will make the plan for your child's future.

If you are working a case plan, or in some stage of that process and your parental rights have not been terminated, you can choose adoption with a private adoption agency. This process is called an intervention.

An intervention puts a level of control back into your hands about the choices made for your child. You can often select the adoptive parents and receive pictures and letters for years to come.

♥ COUNSELING AVAILABLE FREE OF CHARGE ♥

We may be able to help you with some other things you need at this time. We have excellent counselors that can help you talk through this important and emotional process. You may be eligible for living expenses and medical assistance for you and your baby.

We are honored that you would call us and respect that you are choosing to have a hand in your child's future. Call us today!

Adoption is not rejection but unconditional love that inspires a mother to put herself last and do all she can for her child.
